RBI Issues June 2025 Monetary Policy Update
June 6, 2025

RBI has announced its latest Monetary Policy today, that is 6th of June 2025, following the 55th meeting of its Monetary Policy Committee over 4th-6th June 2025. The major decisions include:

Repo Rate Reduction

❖ Policy repo rate is being reduced by 50 basis points (bps) to 5.50 per cent with immediate effect.

❖ There will be consequent adjustment of the Standing Deposit Facility (SDF) rate under the Liquidity Adjust

RBI Issues June 2025 Monetary Policy Update
June 6, 2025

RBI has announced its latest Monetary Policy today, that is 6th of June 2025, following the 55th
meeting of its Monetary Policy Committee over 4th-6th June 2025. The major decisions include:

Repo Rate Reduction

❖Policy repo rate is being reduced by 50 basis points (bps) to 5.50 per cent with
immediate effect.

❖There will be consequent adjustment of the Standing Deposit Facility (SDF) rate under
the Liquidity Adjust
loading weights: 100% [REDACTED] 196/196 [00:00:00:00, 1647.831/s, Materializing param=transformer.word_embeddings.weight]
The tied weights mapping and config for this model specifies to tie transformer.word_embeddings.weight to lm_head.weight, but both are present in the checkpoints, so we will NOT tie them. You sho
uld update the config with 'tie_word_embeddings=False' to silence this warning
Token indices sequence length is longer than the specified maximum sequence length for this model (2498 > 2048). Running this sequence through the model will result in indexing errors
Setting 'pad_token_id' to 'eos_token_id':11 for open-end generation.

```
